

# Tired of daycare payment excuses?

You aren't alone. Nearly half of daycare providers surveyed have had a financial loss due to non-payment in the last year.

The average past-due account totals \$594.

Even providers with rock solid contracts lose money because of:

- bounced checks
- disputed payments
- clients who leave without notice
- refuse to pay subsidy co-payments

You deserve to be paid.  
We can help.
